When I met her, she said, to me, "Yo I really like your style"

She said, "Let's go somewhere that we can be alone for awhile"

I didn't even know when (didn't even know when)
I got the feel she had a boyfriend (feel she had a boyfriend)

But that's the way it is when you do it like me
So homie, why you mad at me

So what's up (what up)
Just because I got with your girl
I didn't even know her
But the name of the game is your girl chose me
You're in love, and all I wanna do is uh uh uh uh uh uh
Cause I'm the kind of player there ain't no stoppin', no way
And your girl chose me

Hey yo, your girl chose me (chose me)
You know the name of the game (game)
(B2 B2K)

You win some, lose some, it's just exactly what the game's about
So why you buggin bout' some
Chick who tried to play you out (play you out)
It ain't like I'm in love with her

She's just another girl on my list (my list)
So you can have her
And I'll leave but don't think
It'll make her stop acting like this

So I saw her you trippin' cause I had took her
And I didn't even know her
But the name of the game is your girl chose me
If you love her, know her
And all I wanna do is uh uh uh uh uh uh
Cause I'm the kind of player there ain't no stoppin', no
way
And your girl chose me
So I saw her (ooh)
You trippin' cause I took her (ooh)
And I didn't even know her (ooh)
But the name of the game is your girl chose me (your
girl chose me)
If you love her (ooh),
Then all I wanna do is (ooh) uh uh uh uh uh uh
Cause I'm the kinda player there ain't no stoppin', no
way
And your girl chose me

I'm just a player, there ain't nothing I can say
And if she really loves you she would never look my
way
So if I tell h we're through and
She finds another dude
Are you gon' trip on him the way you... *track
slowdown*

So I saw her (ooh), you trippin' cause I had took her
(ooh)
And I didn't even know he (ooh)
But the name of the game is your girl chose me (your
girl chose me)
If you love her, know her (ooh)
And all I wanna do is uh uh uh uh uh uh (ooh)
Cause I'm the kind of player there ain't no stoppin', no
way
And your girl chose me
So I knew her, you trippin' cause I had took her
And I didn't even know her
But the name of the game is your girl chose me
Didn't know her and all I wanna do is uh uh uh uh uh uh
Cause I'm the kind of player there ain't no stoppin', no
way
And your girl chose me
