You can't see me,  
'Cause I'm a man of one thousand faces  
Sun and shadow Night and day  
They are all back to back  
Alone again, 'cause I never understand what you mean  
Jesus Christ, a believer is not always helped out

We are demanded many faces in world of insanity  
Get a means to live before you fall

You can see it  
The world is making progress day after day  
But human souls are growing wild,  
Worse and worse

Betrayers get close to me with traps ordinarily  
Guard it by yourself by many masks

We have to be just like an actor to deceive them  
You may look at me such a face

Don't be tripped you up

\*Behind the mask Where do you take it off  
Where do you change?  
Faces behind the mask  
We can't live without them

\*\*Behind the mask When do you wear it on  
When do you change?  
Faces behind the mask living in faceless world

— — solo — —

We want to know the back of others just like an  
audience of comedy  
Selfish speculation  
But it's not usually right  
Nobody knows it

\*Repeat

When you think my eyes like fire, it may be raining in  
my heart

When look tears in your eyes. in fact, you may laugh  
\*\*Repeat
