Out of the night, I'm feeling bitter cold
I can see crying people for deadly lies
All of our souls don't long for war and pain
Sad but truth
Dead at name of the "Holy War"

All Messiah were betrayer
Against the great sensation
Why do we hate each other?
No place to run

Out of the cold, I'm feeling loneliness
I find it out
No place to release our hearts
And we're afraid what's breaking out an future
Waves of despair
Spreading wide like a disease

We don't waiting for a savior
Can't save the situation
Justice is hidden into the dark
So dancing sadly

*Shadowdancer
All we are waiting
Shadowdancer
Come out of night

Fire in the blue sky is burning down to the ground
Innocent children don't know how to survive
When your hope of the peace gathered in a big way,
The world will change...

**Shadowdancer Fight for the right
Shadowdancer They'll never die
Shadowdancer Hold in your hearts
Shadowdancer They'll be the strongest power
