What a feeling  
It's never been so easy  
When I'm dreaming  
Summer dreaming, when you're with me  
What a feeling  
It's never been so easy  
When I'm dreaming  
Doing things that feel so good

Come on over, let's have some fun  
Dancing in the morning sun  
Looking to the bright blue sky  
Come and let your spirit fly  
You're, living it up this brand new day  
Summer sun, it's time to play  
Let yourself go go go  
Doing things that feel so good

What I'm feeling  
It's never been so easy  
When I'm dreaming  
Summer dreaming, when you're with me  
What I'm feeling  
It's never been so easy  
When I'm dreaming  
Summer dreaming, when you're with me

What I'm feeling (oh whoa oh whoa)  
When I'm dreaming (oh whoa oh whoa)  
What I'm feeling (oh whoa oh whoa)  
When I'm dreaming  
Summer dreaming, when you're with me

Just another lucky day  
No one ever makes me feel this way  
And loving you, it feels so right  
Baby now that you're by my side  
Living it up this brand new day  
Summer sun, it's time to play  
Let yourself go go go  
Doing things that feel so good

What I'm feeling  
It's never been so easy  
When I'm dreaming  
Summer dreaming, when you're with me  
What I'm feeling  
It's never been so easy  
When I'm dreaming  
Summer dreaming, when you're with me

What I'm feeling (oh whoa oh whoa)  
When I'm dreaming (oh whoa oh whoa)  
What I'm feeling (oh whoa oh whoa)  
When I'm dreaming  
Summer dreaming, when you're with me

Feel so...  
You make me feel so...  
Feel so...  
Feel so...

What I'm feeling  
It's never been so easy  
When I'm dreaming  
Summer dreaming, when you're with me  
What I'm feeling  
It's never been so easy  
When I'm dreaming  
Summer dreaming, when you're with me

When I'm dreaming  
What a feeling  
Summer dreaming, when you're with me
