Lord rain down, I can't go on without You
I need you to rain down 'cause I'm so lost without You

Vs. 1

From the bottom to the top back down to the bottom
These are the places I've been, my problems
Ain't nothin' like the next man but I still got 'em
I want to leave my lot like Lot did to Sodom
But I just can't let go, though ever since the get go
You said so, this is detrimental, so I grab a hold of You
Let everything around me just follow suit
But please help me get these thoughts in line
'Cause I will go crazy without peace of mind
And put me back together one peace at a time
'Cause I'm just a branch and I need the vine
Just lookin' for direction I don't need a sign
You told me if I'd seek I'd find so here I am
On the verge of breakdown but so close to break-
through
Fully aware that all it takes is You to just

Rain down, I can't go on without You, I need you to
Rain down, 'cause I'm so lost without You, won't you
please just

Vs. 2

Rain down on me, as you can see my gas tanks on E
Tires as flat as can be, while my life is passin' me by
Like Pharcyde this is a catastrophe
Plus my soul oh so empty
Dried up, dehydrated, beat up, annihilated
Eyes all dilated still I can't even see
The one thing I need most is right in front of me
Now I'm cravin' a taste of that Living Water
Starvin' for somethin' that this world ain't got to offer
I ought to know by now that face down at your altar
Is the place that I need to start 'cause this bleeding
heart
Can only be healed by the One that made it
The One that gave His all to save it, your touch I crave it
So seek through the cracks in my pavement 'cause
