Friend of mine, sex is child inside
Adored by that sex, soaked in wine
The dark world we hide
Paint the child to entice...

Rain, suicide is rain in pain
Suicide is rain in pain
Falling into gutters, they splash their remains

What is night without stars?
What is dark about the heart?
What's in the park, we're not there anyway

Rain, suicide is rain in pain
Suicide is rain in pain
Suicide is rain in pain
Suicide is rain...

I can't be bothered, I can't be bothered, I can't be
bothered

Friend of mine, sex is child inside
Adored by that sex, soaked in wine
The dark world we hide
Paint the child to entice...

Rain, suicide is rain in pain
Suicide is rain in pain
Suicide is rain in pain
Suicide is rain in pain
Suicide is rain in pain
Suicide is rain in pain
Suicide is rain in pain
Falling into gutters they... splash their remains
