Oh no
Yeah

Chorus:

Oh, you see me standing on the moon
Looking down, standing on the moon
Looking down, standing on the moon
Looking down, standing on the moon
You see me all over the world, world, world
All over the world, world, world
All over the world, world, world
All over the world, world, world
All over the world

You see me, I know you see me
Sitting on the moon ain't nobody in between me
But the stars is feel me like I found me jinny
I don't wanna let it go
Light it up and let it glow
Light it up and let it blow
Baby pass that special
It's a party everywhere and I'ma crash that shit
You know when you champ right high is the letter
You gonna need a f*cking rocket
Tryin to get up on my level I uh
Come and get up on my level
Patron in your system
We chillin in the back like wisdom
Feeling so close but I'm not aware in your reach look of
it

[Chorus:]

I'm dreaming yeah, feels like I'm dreaming
How we can hear so fast yeah
We must be speeding probably we need to slow it down
But I don't think that I well gonna hundred thousand
running
Baby catch me if you can yeah
And we can leave it all up night to... the fingers up
We can f*ck all night, yeah you know it

Girl you got the body like a cope
It's after party tell her follow me like a call
I can't get enough I need more
Gotta do it for the time, for the time I was broke
Gotta do it for the time, for the time ain't no
Now all I do is shine put your shades on
Back on

[Chorus:]
