When You Call

I will answer

In the mid... night hours

I will, I will... yeah

If you fall I will catch you

I'll be waiting... Time after time

The love that we making is so amazing... Time after time

I save all my kisses for you

I said I save all my... I will be waiting

Time after time

[Kid Ink - 1st Verse]

Yeah you're the woman that I write too

I know a lot done change since high school

Still haven't met nobody like you

Finally seeing black & white like Michael... Uhh

Maybe the time wasn't right then

But times has change and we can try again

This feeling that I'm feeling so timeless

Girl no matter what time is...

[K-young - Chorus]

When You Call

I will answer

In the mid... night hours

I will, I will... yeah

If you fall I will catch you

I'll be waiting, Time after time

The love that we making is so amazing... Time after time

I save all my kisses for you

I said I save all my... I will be waiting

Time after time

[Kid Ink - Verse 2]

I been trying to get it like a metaphor... Get it?

I think you ready for

Get your feet wet, I can make it rain storm... Yeah

I know we been around the block, like a ice cream
truck... Damn it been so long
Where did all the time go, I think we need some time
though

[K-young - Chorus]

If you fall I will catch you

I'll be waiting... Time after time

The love that we making is so amazing... Time after

I said I save all my... I will be waiting

Time after time

[Kid Ink - Verse 3]

You remember the first time

I made it feel like the first time

And now we back at it

Scream, I'ma take a stab at it

Kill it till the morning

I said hit it till the morning, Get it

Whenever your lonely

You know where the phone is

[K-Young - Chorus]

When You Call

I will answer

In the mid... night hours

I will, I will... yeah

If you fall I will catch you

I'll be waiting... Time after time

The love that we making is so amazing... Time after

I save all my kisses for you

I said I save all my... I will be waiting

Time after time
