I don't have to know your name unless you really want
me too
All I really want to know is what you want to do
Hope there's something you like in something that you
see
I don't have that much to say for me

I've always been lonely but don't be afraid
I've always been lonely like a song never played
I've always been lonely but if you came with me tonight
and stayed
At least we'd know it wasn't loneliness we made

You don't have to know my past it's much too much for
me and you
If the sadness has to show I guess I'll just have to let it
through
We can go till it's gone and give it all we've got
Sometimes anything can mean a lot

I've always been lonely but don't be afraid
I've always been lonely like a song never played
I've always been lonely but if you came with me tonight
and stayed
At least we'd know it wasn't loneliness we made

You don't have to know my past it's much too much for
me and you
If the sadness has to show I guess I'll just have to let it
through
We can go till it's gone and give it all we've got
Sometimes anything, anything can mean a lot

I've always been lonely but don't be afraid
I've always been lonely like a song never played
I've always been lonely but if you came with me tonight
and stayed
At least we'd know it wasn't loneliness we made

I've always been lonely but don't be afraid
I've always been lonely like a song never played
I've always been lonely but if you came with me tonight

and stayed
At least we'd know it wasn't loneliness we made

I've always been lonely but don't be afraid
Said I've always been lonely like a song never played
Always been lonely but if you came with me tonight and
stayed
At least we'd know it wasn't loneliness we made
