Met a lot of women  
Who could love alright  
But nothing like a woman  
That I met this night

She's dynamite, she's dynamite  
She knows what to do  
And she knows what it's all about

Now men don't blame me  
Because I've been around  
I don't understand  
What's she's putting down

She's dynamite, she's dynamite  
She knows what to do  
And she knows what it's all about

Now she don't drink liquor  
And very little gin  
But she'll show you how  
You can just tell her when  
She's dynamite, she's dynamite  
She knows what to do  
And she knows what it's all about

She's got a peal handled pistol  
A knife and a razor too  
You don't tell her nothing  
She'll always tell you

She's dynamite, she's dynamite  
She knows what to do  
And she knows what it's all about

Now you can whip it, whop it  
Or hang it on the wall  
Or throw it out the window  
She'll pitch herself a ball

She's dynamite, yeah, she's dynamite  
She knows what to do

And she knows what it's all about
