Come back to me, baby
I feel so all alone
It rained last night
And things ain't right
Without my baby home
Every time it rains
I think of you
And that's the time
I feel so blue
When the rain starts falling
My love comes tumbling down
And it's raining
Teardrops from my eyes
If you see clouds
Here in my eyes
It's just because
You said good-bye
Although the sun is shining
There's no more summer skies
'Cause it's raining
Teardrops from my eyes

Remember the night you told me

Our love would always be
I wouldn't be blue and lonely

If you'd come back to me

Every single cloud

Would disappear

I'd wear a smile

If you were here

So baby, won't you hurry

Because I miss you so

And it's raining

Teardrops from my eyes

Remember the night you told me

Our love would always be

I wouldn't be blue and lonely

If you'd come back to me

Every single cloud

Would disappear

I'd wear a smile

If you were here

So baby, won't you hurry

Because I miss you so

And it's raining

Teardrops from my eyes
