Silver shone the rooftops, I heard the words, 'You will'  
And realized that in your eyes, the force of love could  
kill  
So go and get your wages, get what you deserve  
When hope held out its hands today, you laughed and  
turned and fled

Release, 'cause I wanted the world  
All I could get to was a gun or a girl  
Release, now I've thrown them away  
I'm here and I'm hungry and I hope I can stay

The loch is overflowing, the sun has shed its light  
And all that's left to warm your breast's the wine we  
stole tonight  
Bottle merchants, both of us, overdosed on Keats  
We smashed them all and watched them fall like magic  
in the streets

Release, 'cause I wanted the world  
All I could get to was a gun or a girl  
Release, now I've thrown them away  
I'm here and I'm hungry and I hope I can stay

Standing in our new boots, we've lost the urge to hide  
Left it with the souvenirs that forced us to decide  
How we'd storm the palace, meet me at the gates  
There's plenty bread and water here for anyone who  
waits

Release, 'cause I wanted the world  
All I could get to was a gun or a girl  
Release, now I've thrown them away  
I'm here and I'm hungry and I hope I can stay

But you can't remember where you squandered your  
hope  
A fistful of dollars and a fistful of dope  
With your hands in your hair and your hair in your face  
You'd summon your soul because we're leaving this  
place  
With a red, red flag and a red, red flag, red, red flag

for a souvenir  
Red, red flag and a red, red flag and a red, red flag  
for a souvenir
