You said you're free for me, that says it all  
You're free to push me and I'm free to fall

So if we weaken, we can call it stress  
You've got my trust, I've got your home address  
And now the only chance that we could take  
Is the chance that someone else won't make it all come true

We're making tracks, they show our touch and go  
And now it's touch and come and you should know  
But then four years won't mean that much to me  
When I've been smothered in the sympathy you bleed

Just close your eyes again  
Until these things get better  
You're never far away  
But we could send letters

While you were gone, I reached another town  
They couldn't help me but they showed me 'round  
And now I've seen what you can't understand  
I'd try to lead you but I'd crush your hand

Because the people in the village know, it doesn't matter  
Where you choose to go, the end's the same

I found some blood, I wasn't meant to find  
I found some feelings that we'd left behind  
But then some blood won't mean that much to me  
When I've been smothered in the sympathy you bleed

Just close your eyes again  
Until these things get better  
You're never far away  
But we could send letters

I found some blood, I wasn't meant to find  
I found some feelings that we'd left behind  
But then some blood won't mean that much to me  
When I've been smothered in the sympathy you bleed

Just close your eyes again  
Until these things get better  
You're never far away  
But we could send letters
