So now that everybody's gone  
You see what change has come  
In every song you've ever sung  
You find the words were wrong

But now the time is gonna come  
And there's no feeling lost  
For everyone you could've loved  
And made me not to love

And all the time  
I thought your words were mine  
You held me down  
As sure as the sun  
You held me down  
As sure as the sun

Now I could see into your eyes  
But there's no compromise  
For anyone you coulda saved  
But never recognized  
And now your world is gonna fall  
But I won't help at all  
For everyone who sees the place  
Who knows they can't belong

And all the time  
I thought your words were mine  
You held me down  
As sure as the sun  
You held me down  
As sure as the sun

You've taken away  
Much more than you gave  
What keeps me down  
I'm lost in a rage  
No one can explain  
What keeps me down  
What keeps you down

So now that everybody's gone

You see no change has come  
In every song you've ever sung  
You find the words were wrong

And every paper that you read  
You feel your spirit grieve  
For everyone who's gonna fall  
The distance another leaves

And all the time  
I thought your words were mine  
You held me down  
As sure as the sun  
You held me down  
As sure as the sun

You've taken away  
Much more than you gave  
What keeps me down  
I'm lost in a rage  
No one can explain  
What keeps me down  
What keeps you down
