I walk without you
But I need to believe
I've got my own eyes now
And I want you to see
There's no discretion in my voice
And you need to stand clear
I've been falling out of time
But I want you to hear

I don't think you care to know
But you've taken out my heart and soul

They'll never break you
But you keep it coming
I've got my own crimes now
And I won't let you in
You can't appreciate it
And I need to feel whole
I've gotta find a place to hide
Where I know you won't go

'Cause I don't think you care to know
But you've taking out my heart and soul
Now I don't think you care to know
But I gave my life to be your whore

I think our moments come
And if you feel this love
You could save me

I fear my selfishness
Will be the end of this
If you don't save me
Save me

I've never told you
But I feel you must know
I've buried half my life
In the same place you've soared
I couldn't resurrect it
I feel my arms break
I've gotta long way left to go

And you've shown me no grace

I don't think you care to know
But you've taken out my heart and soul
And I don't think you care to doubt
But I don't mind cause I've got time

I'd get down on my knees
If I could beg you see
You can save me

I fear my selfishness
Will be the end of this
If you don't save me

Save me
