You try so hard to be cold  
You try so hard to not show  
I give you nothing to doubt, and you doubt me  
I give you all that I have, but you don't see

Now I know that my eyes must close here  
Every word seems to feel like you don't care  
But I know that you're so confused and afraid  
I just want to be one true thing that don't fade  
I don't wanna give up tomorrow  
I just can't understand why we're going on

You try so hard to be heard  
You try so hard to not hurt  
I give you nothing to doubt, and you doubt me  
I give you all that I have, but you don't see

Now I know that my eyes must close here  
Every word seems to feel like you don't care  
But I know that you're so confused and afraid  
I just want to be one true thing that don't fade  
I don't wanna give up tomorrow  
I just can't understand why we're going on  
I don't wanna be sad, I don't wanna be scared  
I won't wait for you in silence  
I see the road is long
