Restless sinner, rest in sin,
He's got no face to hold him in.
He feels his day's as dark as night,
He's been waiting with the blind just to find a place to
hide his ghost.

No open lies, no consequence,
The door's been closed since he's walked in.
The fight's been raging so many days,
He'll greet you with a cross and a sickle as he helps you
in.

You fall in ways to an open fire,
You got no taste for his desire.
He brings you in to warm your bones,
He's the reason why you came, and the reason why you
have to go.

Mmmm fool's gonna fall and raise
Another fallen child.

It can't be known what lies in wait,
For those of us in crippled states,
A broken mind is no escape,
When there's no one left to reason with, there's no one
left to call your name.

Mmmm fool's gonna fall and raise
Another fallen child.
