I've been here before, I know this shade of blue, it's  
you  
I've felt your touch before I know your way, a ghostlike  
sense of state, you're gone  
So it seems you know me, I will wait for you, I do

I don't care if you can take it  
I can't take it anymore I'll die  
Don't mind if you can take it  
I can't take it anymore I'll die

Slowly I relive a better past a time I thought I knew, I  
blew  
Now I'm patient now I know I'll last, I'll last  
I've always known my hearts been held by you  
I've always known it's true, with you

I don't care if you can take it  
I can't take it anymore I'll die  
Don't mind if you can take it  
I can't take it anymore I'll die

I don't care if you can take it  
I can't take it anymore I'll die  
Don't mind if you can take it  
I can't take it anymore I'll die
