They get up every morning from the alarm clock's  
warning  
Take the eight-fifteen into the city  
There's a whistle up above and people push and people  
shove  
And all the girls, who try to look pretty  
And if your train's on time you can get to work by nine  
And start your slaving job to get your pay  
If you ever get annoyed look at me I'm self-employed  
I love to work at nothing all day

And I've been takin' care of business everyday  
Takin' care of business every way  
I've been takin' care of business it's all mine  
Takin' care of business and working overtime  
Workout

If things were easy as fishing you could be a musician  
If you could make sounds loud or mellow  
Get a second hand guitar  
Chances are you'll go far  
If you get in with the right bunch of fellows  
People see you having fun just a lying in the sun  
And tell them that you like it this way  
It's the work that we avoid and we're all self employed  
We love to work at nothing all day

And we've been takin' care of business everyday  
Takin' care of business every way  
We've been takin' care of business it's all right

Takin' care of business and working overtime

Take good care of my business  
When I'm away  
Everyday

They get up every morning from the alarm clock's  
warning  
Take the eight-fifteen into the city  
There's a whistle up above and people push and people  
shove

And the girls, who try to look pretty  
And if your train's on time you can get to work by nine  
And start your slaving job to get your pay  
If you ever get annoyed look at me I'm self-employed  
I love to work at nothing all day

And I've been takin' care of business everyday  
Takin' care of business every way  
I've been takin' care of business It's all mine  
Takin' care of business and working overtime

Takin' care of business  
Takin' care of business  
Takin' care of business  
Takin' care of business  
Takin' care of business  
Everyday  
Takin' care of business  
Every way  
Takin' care of business  
It's all mine  
Takin' care of business  
And working overtime  
Takin' care of business
