Baby its yours  
No one does it betta  
Baby its yours  
Make it last forever  
You kno dat its yours  
Long as we're togetha  
Baby you can rest assure  
Its yours, its yours

I neve thought it would happen to me  
I neva thought I would feel this way  
But you kissed me and suddenly now Im goin crazy  
(Goin insane of your love)  
You're all Im thinkin of  
And theres nobody in this world that as mcuh  
(The only one that I adore)  
There's no getting over, whats on ur mind

Baby its urs  
No one does it betta  
Baby its urs  
Make it last foreva  
You know dat its urs  
Long as we're togetha  
Baby u can rest assure  
Its urs, its urs

I neva thought dat u would be mine  
I neva thought I would feel this way  
But since u cam into my life I only think about u  
(Baby its true all the time)  
Can't get u off my mind  
Da only place I wanna be is by ur side  
(Ur everything I dream and more)  
The one I adore, so Im sayin its urs

Baby its urs  
No one does it betta  
Baby its urs  
Make it last foreva  
You know dat its urs

Long as we're togetha  
Baby u can rest assure  
Its urs, its urs

Who is on ur mind when its late at night  
When you're in your bed, and ur time  
Dont try to deny, I know ur thinkin 'bout me all da time  
Baby boo, I'm hooked on u  
And I know I got u feelin it  
Well Im lookin for, one dat I adore  
So baby irs urs

Chorus(4x)
