Yeah, yo
You kno' what I'm sayin'
A lot of people heard the last album
And really didn't understand
What B2K wuss all about
But I'm a tell y'all
We ain't had no songs
That wuss jus' gansta on our album
This right here
Is about to be gansta
You sure?
You kno' what I'm sayin' "Boog"?
Alright let's see
Check it out

Hot spots
I bang like little rock
Step up in the club
And watch the beat stop

Hey shorty, can you do that dance in my drop
Pop that and make that booty clap like flip flops
Like the Flintstones
We can make the bed rock

Yes this little boy got a house on the hill
Call me Montell, I got so many hot wheels
Now you know what I'm 'bout
Let's turn this party out, alright

Everybody put your hands up if you feel me
All the ladies come party with me
Fellas grab your girl
And let's turn this party out

Everybody put your hands up if you feel me
All the ladies come party with me
Fellas grab your girl
And let's turn this party out

So much sex appeal
Girl that thing can't be real

Baby tell me what's the deal
All I wanna know is can we chill

You far from average
Love your bad habits
The way that thing move
You making me want to grab it

Lets leave right now
Lets stop playing around
There's a lot I want to do for you
How that sound

Your's a cute
Scarf over your doobe
The way that gucci
Look good on your booty

What's really good
Can I floss you in my hood
Tell you things
That make you knock on wood

So make it happen
If you want to handle it
Tonight, I'm a good man
But tomorrow, I'm scandals

So grab your coat
Let's make a exit
And if your mom is home
Girl we hittin' da Lexus

Everybody put your hands up if you feel me
All the ladies come party with me
Fellas grab your girl
And let's turn this party out

Everybody put your hands up if you feel me
All the ladies come party with me
Fellas grab your girl
And let's turn this party out

Everybody put your hands up if you feel me
All the ladies come party with me
Fellas grab your girl
And let's turn this party out

Everybody put your hands up if you feel me
All the ladies come party with me
Fellas grab your girl

And let's turn this party out

We don't ride around in trunks
We ride around in Bentley bus
Don't other crews recognize
Y'all can't fade us

When platinum status droppin' heat
Man you already know
B2K and Chris Stokes always equal big doe
We in a four point six with four Asian chicks

Man all this ice around my neck and wrist
I'm like show me baby girl
How you do dat Derre
Gotta dem all saying fizz can I play in your hair

Check it out
Let me drop dat knowledge on y'all real quick
A lot of people think B2K is you know what I'm sayin'
Is all about imaging

And dancing and stuff like dat
The people that are talking like dat probably don't have
an image
So if you need one, come to T.U.G we got a lot of dem
We will give you one, not a problem

'Cause we focus man
Once again, we focus man
I know I said dat on the last track
But I wanted to get my point across
Round two
Razz-B where you at
Right here

Everybody put your hands up if you feel me
All the ladies come party with me
Fellas grab your girl
And let's turn this party out

Everybody put your hands up if you feel me
All the ladies come party with me
Fellas grab your girl
And let's turn this party out

Everybody put your hands up if you feel me
All the ladies come party with me
Fellas grab your girl
And let's turn this party out

Everybody put your hands up if you feel me
All the ladies come party with me
Fellas grab your girl
And let's turn this party out
