I remember like it was yesterday  
Had everything under control  
Stayed out all night with my boys  
I took advantage of your love  
Then one day you beat my game  
Now suddenly everything has changed  
Never thought that you would go, oh no  
But now I'm missing you so

If I gotta spend another day without you  
I don't know what I might do  
I don't wanna think of living without you  
'Cuz baby, I'm not finished lovin' you  
Monica, Keisha, girl I'll let 'em go  
'Cuz they don't compare to you  
I don't wanna spend another day without you  
'Cuz baby, I'm not finished lovin' you

I didn't know how much you meant to me  
When I looked up you were gone  
Now realize you're my destiny  
That's why I'm singing this song  
Baby come back to me  
Down on my bended knee  
You are my everything  
Girl, I, I need you, I need you, baby, yeah

If I gotta spend another day without you  
I don't know what I might do  
I don't wanna think of living without you  
'Cuz baby, I'm not finished lovin' you  
Monica, Keisha, girl I'll let 'em go  
'Cuz they don't compare to you  
I don't wanna spend another day without you  
'Cuz baby, I'm not finished lovin' you

I'll do what I gotta do to get you  
To love me the way you did before  
Before I was takin' your love for granted  
You're always on my mind  
Every day, every night  
I think about how we can make it right

All I wanna do is be with you  
I gotta let you know  
I miss you  
I really miss, miss, miss you  
I wanna kiss, kiss, kiss you  
Girl, I, I need you, I need you, baby, yeah

If I gotta spend another day without you  
I don't know what I might do  
I don't wanna think of living without you  
'Cuz baby, I'm not finished lovin' you  
Monica, Keisha, girl I'll let 'em go  
'Cuz they don't compare to you  
I don't wanna spend another day without you  
'Cuz baby, I'm not finished lovin' you

If I gotta spend another day without you  
I don't know what I might do  
I don't wanna think of living without you  
'Cuz baby, I'm not finished lovin' you  
Monica, Keisha, girl I'll let 'em go
