And shes more (more than average shes a perfect ten)  
Dont really know how to handle someone who (wants to

Shes so used to that mentallity, got to hustle hard,  
riding in the streets  
Thats so crazy  
Somebodys baby  
Going through these things  
But iive got love for you and i wanna show you girl  
Ohhh

Your friends dont like me  
For real though (baby girl)  
They say i'm no good for you (ohh)  
They're jealous cuz you finally found a good lover  
Who only wants the best for you

Chorus:

I'm tryin to take you out the hood  
Show you something good  
Make sure you're ok  
Everything is great (everything is great)  
You're a superstar  
You deserve it all  
More than just a ghetto queen (more than just a ghetto  
queen)  
Wanna put you into diamonds  
Take you to the islands  
Show you everything  
You aint never seen  
Just let me take you out the hood babe  
Let me take you out the hood baby (yeah yeah yeah)  
Girl let me change your world for you babe  
Take you out the hood

Verse 2:

Tell me have you ever seen (white sand on a private

beach)

Tell me did you wanna go somewhere (Somewhere  
you've seen on tv)

Well girl i've got the means to take you anywhere

So dont let your friends cause you to be afraid

They're just lonely

And you're the only

Only thing that matters to me

Even my homies, they gang on me

Cuz they think they could do it for me

Your friends dont like me (your friends dont like me for
