TQ  
Until  
Listen...

any old day  
im just walking through my neighborhood  
cant get away  
the game just chasing me down  
i dont play  
i stand on the corner for hours if i have to  
got to get paid  
gotta find a way to spread it around  
listen  
aunt louise bout to get her lights turned off  
cousin james on the grey goose headed off  
i gotta hit it kinda early tommorrow  
because of poppa been laid off

until the day i die  
i will live my life  
ima hustle  
ima ball  
until the wheels fall off  
i will  
every night  
beyond a street light  
until my folks  
eat right  
until  
until

my corn rows  
seem to be so damn offensive  
you lock your doors  
every time you stop at my light  
i hope you know  
you really aint the focus of my attention  
so much more  
to be on a young black mans mind  
gotta face it sure ill be a daddy soon  
somebody tell me what the hell am i supposed to do  
i guess i spend a extra hour or two

cause little man gotta get his dues

until the day i die  
i will live my life  
ima hustle  
ima ball  
until the wheels fall off  
i will  
every night  
beyond a street light  
until my folks  
eat right  
until  
until

in the morning i'll (hustlin)  
afternoon i'll (hustlin)  
late at night i'll (hustlin)  
in the studio (hustlin)  
dirty scandalous (hustlin)  
los angeles (hustlin)

[x5]  
until the day i die  
i will live my life  
ima hustle  
ima ball  
until the wheels fall off

every night  
beyond a street light  
until my folks  
eat right  
until
