**\*Verse 1\***

I know that you've been saying  
That things haven't turned out with him  
The way that you had always planned  
I'm eager for the taking  
Its time to be more than just friends  
I wanna be....

(your evey hour man)  
the one that you will always know  
will always be there  
(you'll be in love again)  
To show you on the real who I be  
Tell you if you just ask me

**\*Chorus\***

I'll tell you what you get  
all of me, fantasy  
anything you need  
every chance I get  
Shower you, how i do  
Just to prove to you  
I'll tell you what you get  
Just the truth, you can't lose  
when i get to you  
All the fairytale stories  
that your momma told ya  
Is what you get girl

**\*Verse 2\***

Girl i don't mean to be pushy  
But i know that you and me  
Should be here living out this fantasy  
I love you but I'm fading  
I've been waiting here so patiently  
I'm ready girl to be...

(your every hour man)  
the one that you will always know  
will always be yea.. yea..  
(you'll be in love again)  
To be there if you ask me  
If you wanna be yea...

\*Chorus\*

I'll tell you what you get  
all of me, fantasy  
anything you need  
every chance I get  
Shower you, how i do  
Just to prove to you  
I'll tell you what you get  
Just the truth, you can't lose  
when i get to you  
All the fairytale stories  
that your momma told ya  
Is what you get girl

I never thought I'd ever wanna be  
An on the lock, a one girl man  
But you've changed me and I  
I don't wanna spend my nights  
Without you...

\*Chorus\*

I'll tell you what you get  
all of me, fantasy  
anything you need  
every chance I get  
Shower you, how i do  
Just to prove to you  
I'll tell you what you get  
Just the truth, you can't lose  
when i get to you  
All the fairytale stories  
that your momma told ya  
Is what you get girl

I'll tell you what you get  
all of me, fantasy  
anything you need  
every chance I get  
Shower you, how i do  
Just to prove to you  
I'll tell you what you get  
Just the truth, you can't lose  
when i get to you

All the fairytale stories  
that your momma told ya  
Is what you get girl  
I'll tell you what you get  
all of me, fantasy  
anything you need  
every chance I get  
Shower you, how i do  
Just to prove to you  
I'll tell you what you get  
Just the truth, you can't lose  
when i get to you  
All the fairytale stories
