From day one, you and I've been friends.  
Hanging out, havin' fun, chillin'.  
Now I know at times I got crazy silly ways and actin'  
shady.  
(haha, check this out)  
You peep things in me no one sees,  
you hold it down for she easy.  
Now I had friends I thought were true,  
but no one more true than you.  
So, what am I gonna do?

It took a while for me to see how special you've treated  
me.

Maybe thats the reason why I love you,  
you're my heart, girl.  
and with all the crazy things that I do  
you're still here, girl.  
No one else can make me feel like you do.  
You share my world  
Baby, thats the reason why I love you.

No other girl is quite like you,  
and no one has my back like you do.  
Girl, you're one of a kind,  
and you blow my mind baby oooo.  
and I'm glad to say you're mine.

Girl, you're the one who changed me from a boy into a  
man.

Maybe thats the reason why I love you,  
you're my heart, girl.  
and with all the crazy things that I do  
you're still here, girl.  
No one else can make me feel like you do.  
You share my world  
Baby, thats the reason why I love you.

it took a while for me to see how special you've treated  
me.

Maybe thats the reason why I love you,  
you're my heart, girl.  
and with all the crazy things that I do  
you're still here, girl.  
No one else can make me feel like you do.  
You share my world  
Baby, thats the reason why I love you.

Maybe thats the reason why I love you,  
you're my heart, girl.  
and with all the crazy things that I do  
you're still here, girl.  
No one else can make me feel like you do.  
You share my world  
Baby, thats the reason why I love you.

I love you.. Maybe thats the reason why I love you..
