(B2 B2K)

Hey Yo your girl chose me (chose me)
you know the name of the game (game)
(B2 B2k)

Hey yo your girl chose me (chose me)
you know the name of the game (game)
(B2 B2K)

When I met her she said to me yo I really like your style
She said Let's go somewhere that
we can be alone for a while
I didn't even know it (didn't even know it)
That she had a boyfriend (maybe had a boyfriend)
But that's the way it is when you do it like me
It's only why you mad at me

So I saw her
you trippin' cuz I had took her
I didn't even know her
But the name of the game is your girl chose me
Didn't know her and all I wanna do is uh uh uh uh uh uh
Cuz I'm the kind of player there ain't no stoppin no way
And your girl chose me

Hey yo your girl chose me
(chose me)
you know the name of the game (game)
(B2 B2k)

You win some lose some it's just exactly what the
game's about
So why you buggin bout' some chick who tried to play
you out (play you out)

It ain't like I'm in love with her
she's just another girl on my list (my list)
So you can have her
and I'll leave If you don't what's gonna make her stop
acting like this

So I saw her you trippin cuz I had took her
and I didn't even know her
But the name of the game is your girl chose me
Didn't know her and all I wanna do is uh uh uh uh uh uh
Cuz I'm the kind of player there ain't no stoppin noway
and your girl chose me
So I saw her
you trippin cuz I took her
and I didn't even know her
But the name of the game is your girl chose me
Didn't know her and all I wanna do is uh uh uh uh uh uh
Cuz I'm the kinda player there ain't no stoppin no way
ans your girl chose me
I'm just a player there ain't nothing I can say and if she
really
loves you she would never look my way so
If I tell her do it
She finds another guy and
You will trip over him again

So I saw her you trippin cuz I had took her
and I didn't even know her
But the name of the game is your girl chose me
Didn't know her and all I wanna do is uh uh uh uh uh uh
Cuz I'm the kind of player there ain't no stoppin no way
and your girl chose me
So I knew her you trippin cuz I had took her
and I didn't even know her
But the name of the game is your girl chose me
Didn't know her and all I wanna do is uh uh uh uh uh uh
Cuz I'm the kind of player there ain't no stoppin no way
And your girl chose me
