Please, Excuse me while I dream of you
With your thought in my mind I feel Alive
So Alive, I'm Feeling Fine, Your Eyes Stand Out In My
Mind.

So Alive, I'm Feeling Fine, Your Eyes Stand Out In My
Mind.

---So Beautiful---

Pick me up, Throw me down, you've got
My head feeling dizzy
I wonder what is next?

If only my heart spoke out loud
I'd play it over and over for you

So Alive, I'm Feeling Fine, Your Eyes Stand Out In My
Mind.

The stars they fall around me when I think of you
The seasons change just like I, like I would for you
Open up my heart you've landed with me so close to
Everything that I, That I have always needed
Tonight I'll dream of you

So Alive, I'm Feeling Fine, Your Eyes Stand Out In My
Mind.

So Alive, I'm Feeling Fine, Your Eyes Stand Out In My
Mind.

The stars they fall around me when I think of you
The seasons change just like I, like I would for you
Like I would for you...

The stars they fall around me when I think of you
The seasons change just like I, like I would for you
