There I was reaching out for a hand  
But the concept was out of my grasp  
I only wanted to be one with the word  
I only wanted to see it's fruition

Controlling thoughts and raping minds  
Like painting pictures for the blind

Images I see are taking  
Life from out of me it's killing  
Every thought I think permeates my mind  
But I am not going to believe

Speak my peace I try to explain my beliefs  
And I am lauded with hate and disdain  
Now that I've heard their hypocritical words  
I realize there's no chance for comprehension

Think for yourself in your own way  
Hear what I say
