English Translation

[YS]I knew this would happen, I knew this would happen

[DJ]You seem to have changed a lot these days
You've been putting on a lot of makeup, That's not
usuall
And you've been going out to clubs, that's not like you,
huh
It keeps on bothering me
I tried to just laugh it off
But it turns out I can not

(Since when was it)

[HS]That you've been playing with me
Were you really truthful

(How can you do this to me)
No wonder you have changed a lot these days
I didn't even know, oh, and loved you only

*[YS]I knew this would happen, uh
When you said you were going to meet that guy
Why didn't I stop you, right there?
[DW]I knew this would happen, uh
The moment I saw an unknown phone number
Since then, I knew this would happen

[JH]Honey, I'm not being suspicious, you know how I
feel, right?
It's because I love you so much
So can I see you phone for a second?
I just need to check something
When did you change your password?
And why is your recent call list empty?
You foolishly erased it all, huh
Ha... you're cute, my baby
You're acting really strange, just tell me the truth
I'm starting to get a little mad

(Why did you leave me)
[HS]Did you get sick of me for being like this?
Why is your phone turned off?
(When I have so much to tell you)
I'll go home after just listening to your voice
I will wait, here in front of your house

* Repeat

[GK]What did I do wrong?
[JH](When I think about it, I don't think I did anything
wrong)
Tell me the truth
[JH](Even if you don't, I actually already know)
Okay, I will really stop now
Tell me if you really can't bear it anymore, baby please
[JH](For real, I will say one last thing)

[JH]That guy back then, no, that jerk is the one, right?
He was good looking but he didn't seem reliable
Who are you to blame?
Your one fault would be being too nice
He must have known that I was your boyfriend
He must have looked down on me, that jerk
Don't hang up, cause I have something to ask you hun
Um... somewhere around here is that jerk's house,
right?
