Ladies and Gentlemen
We have some new stars in the house tonight
They comin' straight off the Bad Boy tour
Their name is B5, they came to dance for you, talk to
Ë~em

(Can I talk to you?)
Baby I'm feelin' your style, your smile, your everything
(I wanna rock with you)
You're just the type I like
Shorty come here tell me, what's your name?

(When I first saw you)
I was caught in a trance, girl you made me wanna
dance
(Can we take it to the floor?)
You have no idea what I have in store

I wanna take you to the movies or my show
(Give you what you've been missin')
And you can call me whenever you wanna go
(I know you need that feelin')

And when I dance for you ain't nothin' gonna stop me
(No, no, no)
'Cause I know what you want
I know what you wanna see

This is what you want
This is what you've been wantin' on
Let me take you to the floor, come on

Oh oh, baby girl let me dance for you
Oh oh, let me show you how I can move
Oh oh, I can do some things for you
Oh oh, you never thought that I could do

Oh oh, baby girl let me dance for you
Oh oh, let me show how I can move
Oh oh, your style is crazy, so amazing
Baby come here let me dance for you

Lil mama, come on watch me dance
Watch me do a flip with no hands
Watch me almost jump out my pants
See the look on the face off the fans
When I finish watch 'em clap they hands

(All I'm askin is)

Baby can I have the chance to show you where my skills
are at?

(What I wanna give)

What you ^ÄÄ™ ve never seen in the past, it's
somethin' that you never had

(Ain't no need for stress)

Baby you can just kick back, no ties, we could just be
friends

(Can we take it to the floor?)

You have no idea what I have in store

I wanna take you to the movies or my show

(Give you what you've been missin')

And you can call me whenever you wanna go

(I know you need that feelin')

And when I dance for you ain't nothin' gonna stop me

(No, no, no)

'Cause I know what you want

I know what you wanna see

This is what you want

This is what you've been wantin' on

Let me take you to the floor, come on

Oh oh, baby girl let me dance for you

Oh oh, let me show you how I can move

Oh oh, I can do some things for you

Oh oh, you never thought that I could do

Oh oh, baby girl let me dance for you

Oh oh, let me show how I can move

Oh oh, your style is crazy, so amazing

Baby come here let me dance for you

Lil mama, come on watch me dance

Watch me do a flip with no hands

Watch me almost jump out my pants

See the look on the face off my fans

When I finish watch 'em clap they hands

All it takes is a glance

Have 'em thinkin' that they found romance

Have 'em screamin', runnin' out the stands
They chasin' me, all imaginin' that I'm they man
But it's for you that I wanna dance, talk to me

Oh oh, baby girl let me dance for you
Oh oh, let me show you how I can move
Oh oh, I can do some things for you
Oh oh, you never thought that I could do

Oh oh, baby girl let me dance for you
Oh oh, let me show how I can move
Oh oh, your style is crazy, so amazing
Baby come here let me dance for you

Oh oh, baby girl let me dance for you
Oh oh, let me show you how I can move
Oh oh, I can do some things for you
Oh oh, you never thought that I could do

Oh oh, baby girl let me dance for you
Oh oh, let me show how I can move
Oh oh, your style is crazy, so amazing
Baby come here let me dance for you
