girl when you and i together
the world don't matter
it's like i'm in a dream baby yeah
cos you're cooler than a winter
and you're hotter than a summer
and i don't wanna let you go baby yeah

cos i love everything about you
no complaining from you at all
our chemistry is so strong
i wish it was reality
and always stay next to me

cos i don't wanna leave you yet
i don't wanna leave you yeah
i wanna stay with you yeah
here's where i wanna be
you're the only one i see
i don't wanna leave you yeah
i don't wanna leave you yeah
i wanna stay with you yeah
cos my being with you is enough

come here girl let me hold you
and tell you how much i love you
i wanna show you, you belong to me
(you belong to me yeah)
i wanna be the man you love
(wanna be the man you love)
the only one you're thinking of
(be the one you're thinking of)
it's ok you're so cute with me

cos i love everything about you
no complaining from you at all (at all)
our chemistry is so strong
i wish it was reality
and always stay next to me

cos i don't wanna leave you yet
i don't wanna leave you yeah

i wanna stay with you yeah
here's where i wanna be
you're the only one i see
i don't wanna leave you yeah
i don't wanna leave you yeah
i wanna stay with you yeah
cos my being with you is enough

oh you're like the stars in the heavens
on the one to ten your an eleven
asking myself can i last without you laughing at my bad
jokes
girl you're my world (how it happened)
things have gotten crazy since i met you and i love it
was it the day i said i love you like a dozen times
in a row i dunno but it doesn't even matter
just happy we're together hopefully forever

i don't know what i would do without you
i need time to slow down when i'm with you

cos i don't wanna leave you yet
i don't wanna leave you yeah
i wanna stay with you yeah
here's where i wanna be
you're the only one i see
i don't wanna leave you yeah
i don't wanna leave you yeah
i wanna stay with you yeah
cos my being with you is enough

i don't wanna leave you yet
i don't wanna leave you yeah
i wanna stay with you yeah
here's where i wanna be
you're the only one i see
i don't wanna leave you yeah
i don't wanna leave you yeah
i wanna stay with you yeah
cos my being with you is enough
