Lets be friends (4x)

::CARNELL::

I can see it in your smile, uh  
You wanna be my friend  
And I'm gonna keep it real, uh  
No need to pretend  
And evertime I see your eyes, uh  
You wanna know 'bout me  
Girl I like what I see  
So lets be....

::CHORUS B5::

Lets be friends (f.r.i.e.n.d.s)  
oohh  
Lets be friends (f.r.i.e.n.d.s)  
you and me  
Lets be friends (f.r.i.e.n.d.s)

Lets be friends (f.r.i.e.n.d.s)  
Friends til' the end

::CARNELL::

OH  
First tell me your name, huh  
And I'll tell you mine  
Do you have the time or  
Is there a waitin' line  
(all I wanna be is your friend)  
I won't treat you bad  
Baby you and me, we can just be

::BRIDGE CARNELL::

Ooh all I need to know,  
Is it ok with you  
Can we become best friends ooh  
Maybe do some homework  
And watch a movie  
I just want to do with you the things that friends do

::RAP \*dunno hu\*::

Yo uh uh  
Yeah  
Close we've ever been  
Friends or lovers  
One for another  
Heaven like hand and a glove  
High school flame husband  
Came from above  
All the good things we made of the best of it was  
A lot of sweet kisses and hugs and roses of dozens  
Your door bell will be buzzin  
You open I'm in  
I play the win down from beginning to end  
The time we spend cherish like your smile and your  
grin  
Ain't nothing brighter than them  
We can be friends  
Be together on the weekends whenever we can  
Come on mami dark chocolate or perto rican  
That is what I'm speakin, for you I'ma weaken  
B5 and coming we bad boys for life  
One in a million, here they are turnin the lights  
Don't you want more than part time  
Just as long as we last  
You and our picture  
We'll always be best  
So lets be
