(Kelly)

Yea, uh B5

(bryan)

Do you really wanna be my girl?

(verse 1-Carnell)

When i see you around me

I fill up with butterflies

I love the way you look girl

and all the beauty in your eyes

I cant concentrate on my school work but i wanna make  
straight A's with you

When you come around girl

You make my cloudy skies turn blue (oh)

(chorus)

Oh, its plain to see

you are the one for me

can you be my, be my girl

(bryan)

(you really wanna be my girl)

Well never party

Shawty every day in my heart

From the start i wanted you to be my girl

(Verse 2-Carnell)

I wrote you a letter

about 2 days ago

I need to know would you be my girl

would you circle yes or no

(Bryan)

Na,na,na
