You say, you don't have time to worry 'bout where I be  
going  
I'm on the grind making move, it's about to start  
showing  
We gonna be fine, I want you around when the chips  
start flowing  
Don't stop rolling 'cuz I be rolling

I think you deserve the world that's what I'm gonna give  
Do you thank me, even or lately  
They tell me you're leaving, I'm not believing  
All the rumors hating, they all permissive

Your hair, skin, lips, skin touch  
Everything about you just  
Invites me, excites me  
To wanna see you happy girl

Cars, house, cash, you see  
All expensive jewelry  
I got it, you can grab it  
So, how you not gonna have it?

Your hair, skin, lips, touch  
Everything about you just  
Invites me, excites me  
To wanna see you happy girl

Cars, house, cash, you see  
All expensive jewelry  
I got it, you can grab it  
So, how you not gonna have it?

You don't have time to just wait up for me, girl I need  
You to be right in my corner every step of the way no  
We gonna be fine, I want you around when the chips  
start flowing  
Don't stop rolling 'cuz I be rolling

I think you deserve the world that's what I'm gonna give
