Kelly talking:

Aye ma when you gon understand that your the only
one
that im feelin man.
I dont want none of these other girls they dont make
me
feel the way you do
Im in love with you

Your the only one for me baby(x2)

Dustin:

Baby i apologize, for all them haters who be tellin
lies
I use to get around, but they dont know i've settled
down
So wait a minute dry your eyes
Get to lookin and you'll realize
That thats no longer who I am, Im a one woman man

Cuz your the only one im thinking of at night
Your the only girl in my passenger side
Aint no question baby your the one the only one
Your the only one im lettin rock my ice
I dont want no other girl in my life
Aint no question baby your the one the only one

Now my homies always tryna clown
Cuz im turnin other ladies down, But thats ok
I dont care what they say as long as your with me
So baby put your doubts aside
Throw away those numbers from those other guys
I swear i'll always stay, dont be afraid
To put your trust in me

Bridge:

Now that your here, im ready
To put my playa days behind me
No backtracking no rewinding
No need to fear my lady
Cuz everyday your love reminds me
Theres nobody else that I need

Chorus:

Cuz your the only one im thinking of at night
Your the only girl in my passenger side
Aint no question baby your the one the only one
Your the only one im lettin rock my ice
I dont want no other girl in my life
Aint no question baby your the one the only one

Patrick:

I never thought that i would find someone who'd make
me
this way
So you best believe, that i would never cheat
So dont go thinkin that its just another line when i
say
That your the only one for me

Kelly:

Now what you wanna do you rollin with a balla
You wanna got to the mall or movies
I spoil all my cutie
You aint gotta worry bout them other chicks they just
dont move me
Because i feel them other chicks is just gon use me
Excuse me if im choosy, but if you really knew me
I know you would be puttin the jump in my ride
Cuz your the only chick in my passenger side

Chorus(x2):

Cuz your the only one im thinking of at night
Your the only girl in my passenger side
Aint no question baby your the one the only one
Your the only one im lettin rock my ice
I dont want no other girl in my life
Aint no question baby your the one the only one
