[Verse 1 - Patrick]

I'm not tryna hate.
You should of known better.
Better then to let him even get that close.
(Close enough to break your heart)
I tried to be there you made it so hard. Oh.
Should of listen from the joan.
Instead you tried to stunt.
I'm the one you want shawty gotta front.

[Bridge]

You know you're the only one for me.
Why you settle for whatever when we're pose to be.
Tears running down your face.
They form the sea?
Why you settle for whatever when we're pose to be.

[Chorus]

I can see the tear drops.
Falling on your face now.
Why you settle for whatever when we're pose to be.
He never really loved you, i came to take his place now.
(oh)
Why you settle for whatever when we're pose to be
together.

[Verse 2 - Patrick]

She hit me on the phone
i can hear the pain.
baby it's a shame
He still playing games.
I tried to calm her down.
But she kept on tellin me that somthings going wrong.
You should of never ever let him get your love.
I swear you gave him somthing he didn't deserve.
I said you should of listen but you can't explain.
Why you going through the same on thing
You know!

[Bridge]

You know you're the only one for me.

Why you settle for whatever when we're pose to be.
Tears running down your face.
They form the sea?
Why you settle for whatever when we're pose to be.

[Chorus]

I can see the tear drops.
Falling on your face now.
Why you settle for whatever when we're pose to be.
He never really loved you, i came to take his place now.
(oh)
Why you settle for whatever when we're pose to be
together.

[Verse 3 - Kelly]

Baby girl look at me.
I'm so sick and tired of wiping tears from your cheek.
You say you want to be with me.
But you still with him so it makes me think. (Yeah)
Bout the things that you said.
All the phone calls, and the e-mails that I read.
The lonley nights in your bed.
Are you telling me the truth or are you messing with my
head?
So now you want to be with me or should i go now.
I really wanna roll with you so how.
Are you gonna handel this.
You said he treat you wrong, but you love my kiss.
It's time you tell me whats on your mind.
Praying to god that you ain't that blind.
Real love is so hard to find.
Do You want to shine? it's mine

I can see the tear drops.
Falling on your face now.
He never really loved you, i came to take his place now.
