Yeah she'll dance all night, yeah she'll dance all night
By the end of the night, bet she land on pipe
I ain't talking bout no plummin,
I'm talking bout some loving
Yeah I'm young wild and I'm wailing
And I do you right in public
And I know you do me back
Oh that's problem, yeah he rap
Have you screaming, get the message
Like I texted you in all caps
Yeah I'll kiss it all crazy, you be calling me daily
Like my first name is carson, got this world like a martian
Cause I got boo yah, boo yah, boo yah, boo yah
Blow, blow, blow
When I'm done can you stay?
I'm like no, no, no
Gotta go, go, go, go, c ya, c ya
Girl, girl, get, get from me
That pole is calling your name
It's time to get that money

[Hook]

If the beat's alright, she will dance all night
If the beat's alright, she will dance all night
If the beat's alright, she will dance all night
She will dance all night, all night

Ain't got no limits, I'm out here smoking my spinach
She'll bust it down in a minute
Before I finish my sentence
If it ain't wide, it ain't right
If it ain't black, take it back
If it ain't brown, I ain't down
That's why we all gonn get down
Cause I can put it coming out these speakers
Surrounded by these tweakers
She sexy fine, freaky zodiac sign, what you know about them libras
I don't do the hokey pokey

She sip drank and get smoky
She'll dance all through the norch yeah
Tryina function like he folded on it

[Hook]

If the beat's alright, she will dance all night
If the beat's alright, she will dance all night
If the beat's alright, she will dance all night
She will dance all night, all night

Yeah the nastier the better, my magnum profilactic
Her partners ain't no pumps, they ...never scared to
get ratchets
Them rubber bands ain't lacking, the dj got it
smacking
Lights on, lights off, cause we the main attraction
Her birthday cake is clap it, clap it, clap it
Her birthday cake is clap it, clap it, clap it
What's happenin, what's happenin
That red bone and that yellow
Somebody grab an umbrella
My music makes her wetter
The nastier the better

[Hook]

If the beat's alright, she will dance all night
If the beat's alright, she will dance all night
If the beat's alright, she will dance all night
She will dance all night, all night
She will dance all night, all night
She will dance all night, all night
