Beast In The Bedroom by Baby Bash

Parole de Beast In The Bedroom:

(feat. Marty James)

[Pre-Chorus: C-Ballin {C-Ballin slowed down}]

Girl, I don't wanna love ya, just wanna {Take it down}

Come spend the night with me, I turn your {Life  
around}

So girl, give me them legs, I don't know what they said

But I'm a beast, beast-beast-beast {In the bed}

[Chorus: Marty James]

I don't know what they told ya

But I'm a beast in the bedroom

I guess I gotta show ya

That I'm a beast in the bedroom

We can do it on the wall, do it on the floor

Once I get up in them legs, you be coming back for  
more

So girl, let me show ya

That I'm a beast in the bedroom (Bedroom)

[Baby Bash {Baby Bash slowed down}]

[Verse 1]

I like 'em jazzy, sassy, classy, noisy and nasty

Don't harass me, after I finish beatin' the chassis

Beast in the bedroom, king-size, leg room

Turn your whole, world 'round, things that make your  
head boom

In the mornin', on the floor, take a shower, back for me

Neverendin' stories, she adore me, but no "Mi amor"

Do it with a player's stance, I'm a savage in the sheets

Been bustin' freaks, since, gettin' cabbage in them  
streets

[Repeat Pre-Chorus]

[Repeat Chorus]

[Verse 2]

One day alone, in my zone, turn the lights {Down}  
See, I'm a do it right, let's do it, right now  
Cause ain't no time for waitin', my clock is always tickin'  
Whole night, numb you up, leave your body, bed  
ridden  
And when I hook it to the left, it's like I'm bendin'  
corners  
Get up in ya, get up on ya, hot, as Arizona  
Here come the splash down, welcome to Bashtown  
Ankles up, ass down, blowin' out your back now

[Repeat Pre-Chorus]

[Repeat Chorus]

[Verse 3]

Body shakin', takin' cold showers to cool down  
Beated repeatedly, constantly make you move 'round  
You know what it do, girl, I'm a make them toes curl  
Findin' all the right spots, got it locked, on the pearl  
It's not the Macanera, it's not the same ol'  
See, what we do is like the horizontal tango  
Girl, I'm a stretch you out, mama, I'm a fill you up  
And if you think, you can hang, I'm a try your love

[Repeat Chorus]
