[Krizz Kaliko (slowed down)]

I-I-I-I...

I like to watch her move slow...

[C-Ballin]

"C-C-C-C-Ballin..."

[Chorus: Krizz Kaliko {Krizz Kaliko slowed down}]

I like to watch her move slow (Uh oh)

Don't move it too fast, take it slow

I like to watch her move slow {Slow}

Slow like siz-erp, but like the way you wiz-erp

Wiz-wiz-wiz-wiz-wiz, I like to watch her move slow (She is)

She make it move just my speed

I-I-I-I...

{I like to watch her move slow}

But don't stop

Make the body rock

Rock-rock-rock, rock

[Verse 1: Paul Wall {Paul Wall slowed down}]

Peep game, that girl movin' like baked bread

Neck row turned ring row, great head

Skin tone seems smoother than a water stone

Don't move, girl, let-let me grab my camera phone

Talk to me, baby, you ain't got no man yet

Weekend in the Bahamas, you got plans yet

I'll tell you anythang if I could see that coochie rang

Lay-lay it down like Ballin G {Up on that California cage}

I like to watch her move her body like a rattlesnake

Ass vibrate the room like an earthquake

Slow-slow motion, her body screwed up

It must be some purple in the cup

Cause she movin' so slow {Slow, slow}

[Repeat Chorus]

[Verse 2: Baby Bash {Baby Bash slowed down}]

I kept sippin' on Jemima, sippin' on that molasses

See how big that ass is, I'm higher than {Giraffe tits}

I'm-I'm just checkin' out my draft picks, ass is mad shit
Can slow mo through {3D with no glasses}
Slower than a turtle, a tortoise, harder than rigor mortis
{No}
Is there none before us, I'm a Libra, she a-she a Taurus
Re-replay
Grind it out, baby, feed me
Then can call your rear phone, girl, let's have a
threeway
I'm-I'm into foreplay, we can do it your way
Just grease your body down, girl, Oil Of Olay
{So} Tell me how you pop that P, win it like a lottery
In and out like a robbery {Baby-baby, get on top of me}

[Pre-Verse: Krizz Kaliko]

I like the way she move slow, baby making me hot
Call me Usher, she got me like "Oh my God!" (Kali,
baby)
I like the way you do that thang
Slow it down, baby, I ain't going nowhere

[Verse 3: Krizz Kaliko]

Too fast, baby, slow it (Slow it)
I need the T for it (For it)
You the baddest chick in here, and everybody know it
(Okay)
Let me see you move it like you got it stuck, a new trick
different the one I've been used to
First
Get you over the hotel balcony, rip out the (??)
First
She movin' sluggish like a snail do
Bringin' out the beast in me, I'm a mess up your hairdo
Pour me somethin' sur-pic, when we finished, don't
desert me
I might want some more of your sippin', you're like a
slurpee
Do it slow (Do it slow...)

[Repeat Chorus]
