Folks show
That lighter don't work so
That lighter don't work
I'm just sayin' about

Early in the mornin'
Before I eats my breakfast I gotta get down
Early in the mornin'
Before I eats my breakfast I gotta get down
Late night in the evenin'
Before I gets to sleepin' I gotta get down
Late night in the evenin'
Before I gets to sleepin' I gotta get down

Oh goody goody
Got the mornin' woody
Roll over so quick baby girl give it to me
Man what a quicky stabbin' with the stiffy
Bustin' bigger nuts then Peter Pan and Jiffy
Gimme a little licky huggy and kissy kissy
And off last night I'm still a little wiggy
Forgive me girl if I damage her but it feel like I'm on
Viagra

Early in the mornin'
Before I eat my breakfast I gotta get down
Early in the mornin'
Before I eat my breakfast I gotta get down

Well I'm a cheech I'm a chong
Grab the water bong
Hit it for so strong and hold it for so long
I'm a rip I'm a run rolled a whole blunt
Grabbed a vizene I'm feelin' so crunk
Check my watch connects my dots
Scratch my crotch to pin the flip flops
All I hear is pots and pans with the sizzle
Chore kon ise le mine is somethin' hizzle
Choken' on that residu
I told ya'll man when I'm finsta do
You know Hydro he's a friend of mine
Take the monkey off my back like every time

Got a steelo thats so freelo
Fly like an eagle so high me and my amigos
Another day another dollar another deal
What you say? What, when you wanna kill?

Early in the mornin'
Before I eats my breakfast I gotta get down
Early in the mornin'
Before I eats my breakfast I gotta get down

Who that comin' through?
Whats really crackalackin', whats up with you?
Oh no not him again
He'll be rollin' with them crazy ass Mexicans
Baby Bash you a fool on the cool I'm just sayin' though
You keeps it real with them other bowels playin' for
Holla holla all mighty dolla
Got everybody thinkin' it's cool to hit another
But man hold up I'm on a new page
Ya'll some haters up in my mist get out my Kool-Aid
I'm quick to spark up and steal some body's lighter
I get caught and mouthed and eat some sugar liar
oh my mya oh yea yea
Before I make love I push it in the air
Twice last night and once in the mornin'
I gotta get down so I could get goin'

Early in the mornin'
Before I eats my breakfast I gotta get down
Early in the mornin'
Before I eats my breakfast I gotta get down
Late night in the evenin'
Before I gets to sleepin' I gotta get down
Late night in the evenin'
Before I gets to sleepin' I gotta get down
Early in the mornin'
Before I eats my breakfast I gotta get down
Early in the mornin'
Before I eas my breakfast I gotta get down
