[Printz Board:]

Printz Board on the beat

[Carlos Olivero:]

Y'all ready

Los

Hey

Ay

Bash

Show 'em how it is, mayne

[Pre-Chorus: Printz Board]

Baby doll, I love it all

You know I love it all

I love the way you walk

Baby girl, the way you talk

The way you break me off

You hear me, freaky thoughts

You know I love it all

Baby doll, I love it all

[Chorus: Carlos Olivero]

Baby, hit me when you miss me, girl

Tell me how you wanna kiss me, girl

Baby, hit me when you miss me, girl

Baby, baby

B-baby, baby

Hey

[Verse 1: Baby Bash (Carlos Olivero)]

I'm out here stackin' duckies

Playboy all about my bunnies

That's why I love it when you hit me, tellin' me how you  
rub it

I like 'em freaky tales, followed up by picture mails

I hit you back with somethin' cool, make you feel me  
like some braille

I'm on my humble hustle

Tryin' to stack a gang of Ruffles

So me and you can bubble (Bop, bop, doo-wop)

Baby girl, you know I love you

You bad for real, head to heel, if I don't answer, just let  
it bill

Let me know just how you feel,  
I love it how you keep it trill (Bop, bop, doo-wop)

[Pre-Chorus]

[Chorus]

[Verse 2]

She send me smiley faces  
All the time we spend in Vegas  
And your smile is so contagious, see them back when  
you wore them braces  
Everytime we have relations  
I tape it on my phone  
And she love communication  
That's the best thing goin' on  
Yeah, we wireless and mobile  
Let's take off, feel is global  
Let's go rent us some mo-mo  
Post up with a gang of dodo (Bop, bop, doo-wop)  
And my Blackberry crackberry, iPhone evil  
Bust out the webcam, girl let's keep it incognito (Bop,  
bop, doo-wop)

[Pre-Chorus]

[Chorus x2]

[Hook: Baby Bash]

She be BBM-in' me  
Love the flick she send to me  
She be bringing friends to me  
She be hella fellin' me  
Sugar, please  
Don't stop, keep it goin'  
Sugar, please  
Off top, we ready knowin'

[Hook]

[Pre-Chorus]

[Chorus]

[Printz Board:]

Baby doll, I love it all
