

# Baby Bash

## "Intro"

Visit "[Intro](#)" on MotoLyrics.com

It's the unsung hero  
Latino Robert DeNiro  
Fly (?) in your life  
Fly (?) in your life  
Fly  
Welcome to Bashtown, where we put that smash down  
The corporation up, ready when the music blast now  
{Nigga} I ain't no class clown  
I'm just a cash cow  
It's Dope House, Latino Velvetism trapped out  
Cause I'm a ice breaker  
And I'm a odds maker  
And I'm a law breaker, jaw breaker, a salt shaker  
And that's a hater {hoe}  
If you think that's the way to go  
Bet you hate yourself too, livin' so deflatable  
And I don't need a goon  
To hit you with the doom  
To bust you in the {pussy} mouth and pop, your  
balloon  
I'm so definitive  
Game tight is what I give  
The way I kept this {bitch}, finnin' show you how I live  
I'm on the next flight  
Smokin' on kryptonite  
They try to hold the Mexi down, but we gon' get it right  
I got some SPM  
I got some new Lucky  
Some sick Stooie Bros. {shit}, now you gon' really love  
it  
[Refrain: {slowed down}]  
So we gon' hold it how we fold it, stack it til the end  
Some say "What's upper" to a player made Mexican  
So we gon' hold it how we fold it, stack it til the end  
Some say "What's upper" to a player made  
{Mexican...}
