Say I ain't got time, ain't got time

Got no time to stop and speak to friends passin' by  
Said, "I ain't got time"

Got no time to stop and speak to friends passin' by  
Man, I ain't got time

Got no time to stop and speak to friends, passin' by  
Pass me by

Got no time to stop and speak to friends passin' by  
(Pass me by)

'Cuz I gotta be on my way, on my way  
I ain't got time to play, time to play  
I can't go broke another day, broke another day  
No way Jose, no way Jose 'cuz I ain't got time

My lifestyle so cold, holla' for the gold  
Some say I'm too drunk, some say I'm too blowed  
And rollin' wit' kilos and stackin' them C-Notes  
Watchin' my cheese grow and blowin' on trees, dawg  
And I really can't help it I'm a gifted at timin'  
Gorilla grindin' no time for groupies or freestylin'  
Want it green as a gecko, I'm respectful to some of  
ya'll  
But some of ya'll be frontin', I don't owe shit to none of  
ya'll

I got bills to comprehend, popo's be poppin' in  
Waitin' and watchin' when, they can take my block in  
Comin' in in all the traffic supplyin' they bad habits  
The game is gettin' graphic but man I gots to have it  
Some love a drug addict but it ain't no excuse  
I got these money mackin' skills I'ma put 'em to use  
And I ain't doin' too much, ya'll just ain't doin' enough  
And I refuse to let a so called ruin my stuff

Got no time to stop and speak to friends passin' by  
Said, "I ain't got time"

Got no time to stop and speak to friends passin' by  
Man, I ain't got time

Got no time to stop and speak to friends  
Passin' by, pass me by

Got no time to stop and speak to friends passin' by  
(Pass me by)

'Cuz I gotta be on my way, on my way  
I ain't got time to play, time to play  
I can't go broke another day, broke another day  
No way Jose, no way Jose 'cuz I ain't got time

I'm movin', ain't got nothin' to say  
'Cuz 24 hours ain't enough time in a day  
So time doesn't exist and I'm watchin' my wrist  
If a peck on the cheek means death watch for the kiss  
Stay calm under pressure by any means or measure  
Remember one's trash is another man's treasure  
Business befo' pleasure I'm disciplined and I'm  
focused  
Why you rap cats battle to see who dopest?

I'm in the trenches face down in the game, bruh  
And can't nobody know my real name, bruh  
Livin' in the season they killin' fo' no reason  
And if I make it past 30 then I'm over achievin'  
Believin' in the truth, believin' in the way  
The light that I follow might bring me a brighter day  
In the truth, in the way  
The light that I follow might bring me a brighter day

Got no time to stop and speak to friends passin' by  
Said, "I ain't got time"  
Got no time to stop and speak to friends passin' by  
Man, I ain't got time

'Cuz I gotta be on my way, on my way  
I ain't got time to play, time to play  
I can't go broke another day, broke another day  
No way Jose, no way Jose 'cuz I ain't got time

'Cuz I gotta be on my way, on my way  
I ain't got time to play, time to play  
I can't go broke another day, broke another day  
No way Jose, no way Jose, 'cuz I ain't got time

One day, I'ma get it together  
One day, I'ma get it together  
'Cuz I'ma get it together  
One day, I'ma get it together  
One day, I'ma get it together

Oh, I'ma get it together

One day, I'ma get it together  
One day, I'ma get it together  
Yeah, I'ma get it together  
One day, I'ma get it together  
I'ma get it together  
One day, I'ma get it together

Say, I'ma get it together  
Gotta get it together, gotta get it together  
I've been grindin' forever  
It's time that I get it together, get it together, yeah  
Get it together, get it together  
Said, I'll get it together

Got no time to stop and speak to friends passin' by  
Said, "I ain't got time"  
Got no time to stop and speak to friends passin' by  
Man, I ain't got time  
Got no time to stop and speak to friends, passin' by  
Pass me by  
Got no time to stop and speak to friends passin' by  
(Pass me by)

'Cuz I gotta be on my way, on my way  
I ain't got time to play, time to play  
I can't go broke another day, broke another day  
No way Jose, no way Jose

'Cuz I gotta be on my way, on my way  
I ain't got time to play, time to play  
I can't go broke another day, broke another day  
No way Jose, no way Jose

'Cuz I ain't got time
