[Hook:]

Yeah that's my shorty (my shorty) doo wop (doo wop)

Yeah that's my shorty doo wop (I love them things she do)

Yeah that's my shorty doo wop (I love them things she do)

And I can't wait to be alone with you (baby)

[Baby Bash:]

I bet you never seen a shorty so fly

Pushing candy paint with the chrome chopping by

Throwing up playa waves to my partnas on the block

They all show love to my shorty doo wop

In the juicy fruit jeans bumpin 3-15's

Living every fantasy a ghetto girl dreams

Watch her swing and bang as she bend another corner

Looking way cool coming thru with the dosure

Now after two honey blunts I discovered the buzz

I'ma call her shorty she gon call me her love

Thru the thick of it all she accepted collect calls

When her daddy got caught up by the law

[Hook:]

Yeah that's my shorty (my shorty) doo wop (doo wop)

Yeah that's my shorty doo wop (I love them things she do)

Yeah that's my shorty doo wop (I love them things she do)

And I can't wait (I can't wait) to be alone with you (baby)

[Baby Bash:]

For real though for real though for real though

She the girl in the movie and I'm the hero

Stuck with me when I violated p-role

And came up when she started with zero

Baby Bash Latino Robert de Niro

She got with me cause her hubby was a weirdo

And yes sir she looking so mighty mighty

Love me cause I'm fresh and clean and so tighty

There's a piece to the puzzle the grind the hustle

Respect when I'm good and love me when I'm in trouble

And yes sir, oh no, yes sir she looking so throwed

[Hook:]

Yeah that's my shorty (my shorty) doo wop (doo wop)

Yeah that's my shorty doo wop (I love them things she

do)
Yeah that's my shorty doo wop (I love them things she
do)
And I can't wait to be alone with you (baby)
[Bridge:]
I can't wait (I can't wait) to be alone with you (to be
alone with you girl)
Cause you're the only one who do the freaky things you
do
You keep me feeling high you keep my drama low
(ohh)
Yeah I'm your shorty boy (my shorty girl) but you
already know
[Hook:]
