Money, money, money, money

That's my lady, she will never jack me down
(Money, money, money)

That's my baby, she's gonna always be
around

(Money, money, money)

She will never play me, she stay true when I leave town
(Money, money, money)

That's my playmate

Got my mind on my money

Got my money on my mind

She's my peso, my dinero, my paper, my
playmate

She's always on time and never a day late

She's never on a diet, my pockets they gain
weight

And me without her is something I can't take

Now we gone ride like the wind, my lover, my
dividends

She my fatty, I'm her daddy and she's
my best friend

Got me spending weekends in Kingston in Jamaica

Oh, my favorite charge, oh, I love my paper

And when she step out of line, that he gone get on the
grind

Facing penitentiary time, but she's eventually
mine

The same color as my hydro

I swear I got the only breezy that I die for, my mind sold

In love with this cheddar, me and her go together

Like birds of one feather, she keep me riding on
leather

And chrome, you know it's on when my baby
come home

She's my playboy bunny that's sweeter
than honeycomb

That's my lady, she will never jack me down
(Money, money, money)
That's my baby, she's gonna always be
around
(Money, money, money)
She will never play me, she stay true when I leave town
(Money, money, money)
That's my playmate

Got my mind on my money
Got my money on my mind

Love at first sight, sex on the first night
My blessing when I'm stressing
She's keeping my game tight
She's doing the thang right

She's beeping compliancy
If I'm Ricky Ricardo, then she's my Lucy
My fly serenity, my pockets is energy
As a matter of fact, she's gone bring the
Hennessy
I'd love to hold her, fold her, her love is so
douja

Got them dime pieces making love to my poster
What is it?, I'm loving this part of the game
And my money ain't genocide I ain't got to explain
Swinging her from lane to lane, we doing the damn
thing
My money, my motivation, my national campaign

That's my lady, she will never jack me down
(Money, money, money)
That's my baby, she's gonna always be
around
(Money, money, money)
She will never play me, she stay true when I leave town
(Money, money, money)
That's my playmate

Got my mind on my money
Got my money on my mind

My pride, my joy, my everything
(Ah, that's what I am talking about)
I ride my boy on everything
(That's what I am talking about)
My pride, my joy, my everything
(Ah, that's what I am talking about)

I ride my boy on everything

That's my lady, she will never jack me down

(Money, money, money)

That's my baby, she's gonna always be
around

(Money, money, money)

She will never play me, she stay true when I leave town

(Money, money, money)

That's my playmate

Got my mind on my money

Got my money on my mind

Money, money, money, money

Money

Money, money, money, money
