There are tons of places in the world, but only one  
Vegas!  
Vegas night, oh  
Vegas night, oh  
It's Vegas nights, oh  
Vegas night, oh  
Vegas night, oh  
Vegas night, oh  
Vegas night, oh  
Vegas nights!

Vegas nights, rocks and,  
Man we have is rocket flights,  
Bottles too,.  
Bring me to my atmosphere,  
..is what you hear,  
Somebody better order me some,  
I know, I see ya,  
This sexy mother freaker,  
I know, I see ya,  
Las Vegas in your speaker!  
In your speaker, in your speaker, in your speaker!  
In your speaker, in your speaker, in your speaker!

Let's make it Vegas nights, party in Vegas lights,  
If some could show the ball when that music comes to  
life,  
DJ don't let us down, jump up really high,  
No matter where you're at, let's turn this bitch to Vegas  
nights! (x2)

Hey, Vegas baby!  
I got a hot , but I want some more,  
The DJ got 'em on the floor,  
You better be ready for the , show,  
..baby, that's how we go!  
I got a hot , but I want some more,  
The DJ got 'em on the floor,  
I got a hot , but I want some more,  
In Las Vegas, baby, that's how we go!

Sex, sex is in the era,  
I smell it everywhere,  
Got a face,  
I see your underwear,  
..sexy divas don't compare,  
There's no compare.  
There's no compare.

Let's make it Vegas nights, party in Vegas lights,  
If some could show the ball when that music comes to  
life,  
DJ don't let us down, jump up really high,  
No matter where you're at, let's turn this bitch to Vegas  
nights! (x2)

Stays in here, what happens here! (x3)  
Vegas baby!  
Vegas night, oh  
Vegas night, oh  
It's Vegas nights, oh  
Vegas night, oh  
Vegas night, oh  
Vegas night, oh  
Vegas night, oh  
Vegas night, oh  
Vegas nights!
