[Chorus]

I changed my life so I can be with you  
But you turned and walked away,  
Tell me what to do.  
I changed my life so I can be with you  
But you turned and walked away  
Tell me what to do  
Somehow I know you still believe  
Somehow I know you still believe

[Verse 1]

You interrupted my bliss  
Fuck this I sorry  
Used to be steak fish calamari  
But now all you do is drink and party  
Girl you ain't the greatest the greatest was Ali  
In the words of the late great Bob Marley  
No Woman, no cry, yes suh I do believe.  
I count my blessing every time I see my loved ones.  
Wondering why I be stressing of a silly woman.  
Boy get your head straight, boy get your head right.  
Keep on buzzin with your cousin  
Boy have a good time.  
Sometime I know it's right, sometimes I know it's  
wrong  
Sometimes I do it big, sometimes I'm all alone.

[Chorus]

[Verse 2]

Up and down like a see-saw.  
Baby let me free fall.  
Me fall for that again  
Don't make me hee haw.  
Never will I get caught up again.  
I'm gonna put that on my momma and my next of kin  
They say money can't buy me happiness,  
But it will brighten my day.  
They say money can't buy me happiness,  
But it will brighten my day.  
Baby girl you don did it.  
Girl I ain't wit it.

Only problem in my life was you,  
So good ridden.  
Iâ€™m out the door quick, feet first sideways.  
Iâ€™m checking out baby,  
And breathin some highway.  
[Chorus]

Money wonâ€™t buy you happiness  
But it will brighten your day.  
Money wonâ€™t buy you happiness,  
But it will brighten your day.
