Say I ain't got time

[Akon]

Got no time to stop and speak to friends passin' by  
(Said ain't got time) Got no time to stop and speak to  
friends passin' by  
(Man ain't got time) Got no time to stop and speak to  
friends passin' by  
(Pass me by) Got no time to stop and speak to friends  
passin' by  
('Cuz I gotta' be on my way) On my way  
(Ain't got time to play) Time to play  
(I can't go broke another day) Broke another day  
(No way Jose) No way Jose ('Cuz I ain't got no time)

[Bash]

My lifestyle so cold, holla' for the gold  
Some say I'm too drunk, some say I'm too blowed  
And rollin' wit' kilos and stackin' them C-Notes  
Watchin' my cheese grow and blowin' on trees dawg  
And I really can't help it I'm a gifted at timin' gorilla  
grindin' no time for groupies or freestylin'  
Want it green as a gecko I'm respectful to some of ya'll  
But some of ya'll be frontin' I don't owe shit to none of  
ya'll  
I got bills to comprehend, popo's be poppin' in  
Waitin' and watchin' when, they can take my block in  
Comin' in in all the traffic supplyin' they bad habits  
The game is gettin' graphic but man I got to have it  
Some love a drug addict  
But it ain't no excuse  
I got these money mackin' skills I'mma put 'em to use  
And I ain't doin' too much, ya'll just ain't doin' enough  
And I refuse to let a so-called ruin my stuff

[Akon]

[Bash]

I'm movin', and got nothin' to say  
'Cuz 24 hours ain't enough time in a day  
So time doesn't exist and I'm watchin' my wrist  
If a peck on the cheek mean death watch for the kiss  
Take time under pressure  
By any means or measure  
Remember one's trash is another man's treasure  
Buisness befo' pleasure I'm disciplined and I'm  
focused  
Why you rap cats battle to see who dopest  
I'm in the trenches face down in the game bruh  
And can't nobody know my real name bruh  
Livin' in the season they killin' fo' no reason  
And if I make it past 30 then I'm over achievin'  
Believin' in the truth, believin' in the way  
The light that I follow might bring me a brighter day  
In the truth, in the way  
The light that I follow might bring me a brighter day
