[Chorus]

Sometimes I wanna get away from all the confusion  
Causin' pollution  
I know you wish you could run away from this institution  
Cause there's no solution, to survive

Another day when I'm waking up  
I turn my TV on CNN  
Another homie done bit the dust, my best friend's back  
up in the pen  
Somebody hit the twin towers, ? and the buildings  
came tumbling down  
All we could do was watch in tears  
While the people of America wondered how we let it go  
down  
Then, I heard a sound when I turned around  
This old man said pray for me  
Said I've been in the world for 88 long years and go  
now can you stay for me?  
I looked him in the eyes, and gave him a smile and  
said mister I don't mean no harm  
But you ain't going nowhere, so just pull up a chair  
I got greens fresh off the farm  
And with that he pulled a bottle from his pocket and  
said youngin' ima give it a try  
I said hold up pops, I ain't forget about the nana you  
promised so pass it by  
And then he said...

[Chorus]

From dusk to dawn, mom's always tellin me you must  
move on  
Let the past be the last thing to dust you son  
And I trust you mom  
But the ? lust for fun, wanna bust my gun  
Wasn't much to some, then you measured up to most  
started walking down the road  
To the treasure up the post  
You just never f\*\*\*ing know what you gonna see,  
where ya gonna be, who you gonna meet  
It's true you gonna sleepin, slip into silence

Shot guns fired, choppers and sirens  
Spotlight shinin, flashin on the glance  
At a boy without a chance and the Devil on his ass

I be sayin though, livin my life... wishin' and hopin  
I be sayin though, chasin the dreams...  
I be sayin though same thing that will make you laugh  
will make you cry  
That's how we know man, why that's why

I be sayin though taken away from the frustration  
I be sayin though teach me to use my imagination  
I be sayin though same thing that will make you laugh  
will make you cry  
That's how we know man, why that's why

[Chorus]
